# Admin Website: Definition of Booking Constraints for Users or Departments

The screenshot displays the 'Rule editor' interface. At the top, there are buttons for 'Upload employees list (.csv)', 'Choose file', and 'Insert rules'. Below this is a 'Rule editor' section with a 'Show less' link and a '2-help' link. The 'Rule editor' contains several dropdown menus: 'Employees' (listing Greta Life, Brock Lee, Rick O'Shea), 'Departments' (listing Testing, Development, Production), 'Rules' (a dropdown menu), and 'Floors' (listing 0, 1, 2). A 'Save' button is located to the right of the 'Floors' dropdown. Below the dropdowns is a 'Rules:' section with a table of rules. The table has two columns: 'Rule' and 'Remove'. The rules listed are:

| Rule                                                                                             | Remove |
|--------------------------------------------------------------------------------------------------|--------|
| Department: Finance, Access: Deny, Floor: 0 - Deactivated - Department missing in uploaded list. | Remove |
| Employee: Donya Ahmed, Access: Deny, Floor: 0 - Deactivated - Employee missing in uploaded list. | Remove |
| Employee: Brock Lee, Access: Allow only, Floor: 1                                                | Remove |
| Employee: Rick O'Shea, Access: Allow only, Floor: 1                                              | Remove |
| Employee: Greta Life, Access: Deny, Floor: 1                                                     | Remove |
| Department: Testing, Access: Allow only, Floor: 1                                                | Remove |

At the bottom of the 'Rule editor' section, there are buttons for 'Upload resources list (.csv)', 'Choose file', and 'Insert rules'. To the right of the 'Rule editor' section, there is a confirmation dialog box with the text: 'You have no access to floor(s): 1. Please try other floors. Contact your admin.' and an 'OK' button.

Booking constraints help create better working conditions.

For example: programmers need silence, so they should not be seated together with sales teams who are consistently the phone.

## Specifications

### Display

#### Panel

10.1" , 13.3" LCD panel

#### Resolution

1920\*1080

#### Display Mode

Normally black
