

Shell Mini D Wireless Speakerphone

Shell Mini D is explicitly designed for small and medium-sized collaborative spaces. It features an integrated three microphones, an extended microphone, and a high-fidelity speaker, capable of capturing your voice from a distance.

Moreover, Shell Mini D can be daisy-chained with other Shell Mini D units for conferencing purposes, accommodating the needs of larger meeting spaces. The device embraces advanced 3A audio algorithms for echo cancellation, noise suppression, and gain control, ensuring that sound quality is compatible with Android, Windows, and Mac OS operating systems. It offers connectivity options either wirelessly or via USB cable.

Key Features

Wireless Connection

Built-in high quality wireless module to connect with various devices wirelessly and minimize cable clutter

Dynamic Background Noise Reduction

With dynamic noise reduction technology, enjoy clear and smooth video meeting.

Omnidirectional Voice Pickup

3 built-in mics plus one extension mic for 360° ultra-long voice pickup 8M.

Hi-Fi audio

Finely-tuned Hi-Fi speaker with explosion-proof sound treatment for treble.

Long Endurance

Built-in 3000mAh battery, that can last up to 10 hours of conversation. Provide clear, smooth and stable audio and video experience.

Supports Tandem

With flexible cascading, Shell Mini D can be Daisy-Chained with other Shell Mini D via a TREND Daisy-Chain cable for larger meeting space.
